Magical Christmas Range

ambius

The Experts in Workspace
Plant Design

We know Christmas is busy enough. So why not leave it to Ambius to sprinkle some festive magic over your reception area, atrium, office, shopping centre or hotel.

Ambius are the experts in providing the very best in contemporary or traditional Christmas decorations and Christmas trees, to suit any style of business environment.

We can offer a bespoke Christmas design service for our clients. Whether it's a traditional or contemporary look you're after Ambius will help you design your perfect Christmas.

All of our trees and garlands are
IFR rated (Inherently Fire Retardant)

How it Works

1. Design

We will design your perfect Christmas with you. We can incorporate colours and accessories from our range or design a completely bespoke Christmas for you.

2. Test

We test our trees before installation, making sure they're strong, sturdy and all lights are working.

3. Install

A no hassle installation. We will install it all so you don't have to worry about a thing.

4. Collect

After Christmas, our festive elves will take the displays away.

5. Storage

The biggest pain can be storage...which you don't have to worry about. We store it all until the following year, so you don't have to worry about clogging up your cupboards or loft space.

Nordic Forest

BLUE , SILVER & WHITE

Bring the tranquil magic of a Scandinavian winter home with the **Nordic Forest** tree.

Lush green branches host a shimmering blend of blue, silver, and white baubles and accents. Lit by warm glowing lights, every ornament sparkles like frost on pine needles, creating a crisp, elegant look that feels both classic and deeply enchanting.

Sustainable Christmas

RED, GOLD & NATURAL

Our new sustainable Christmas products offer the same high quality Christmas items but made in a much more eco-friendly way.

New sustainable trees, made from 60% recycling plastic.

- **Why 60%?** So the trees keep their strength and integrity to hold lights and decorations.
- Manufactured using plastic bottles/bottle tops salvaged from the Mediterranean Sea.
- Trees and decorations are manufactured in Europe.
- Production uses ground source heat and solar panel energy for a completely carbon neutral operation.
- **Only available in 7ft (210cm)**

Stock is limited & decorations may change to what is shown depending on availability

The new sustainable range includes:

- Christmas trees and baubles
- Paper mache baubles & decorations
- Wood pulp baubles & decorations
- Cardboard presents

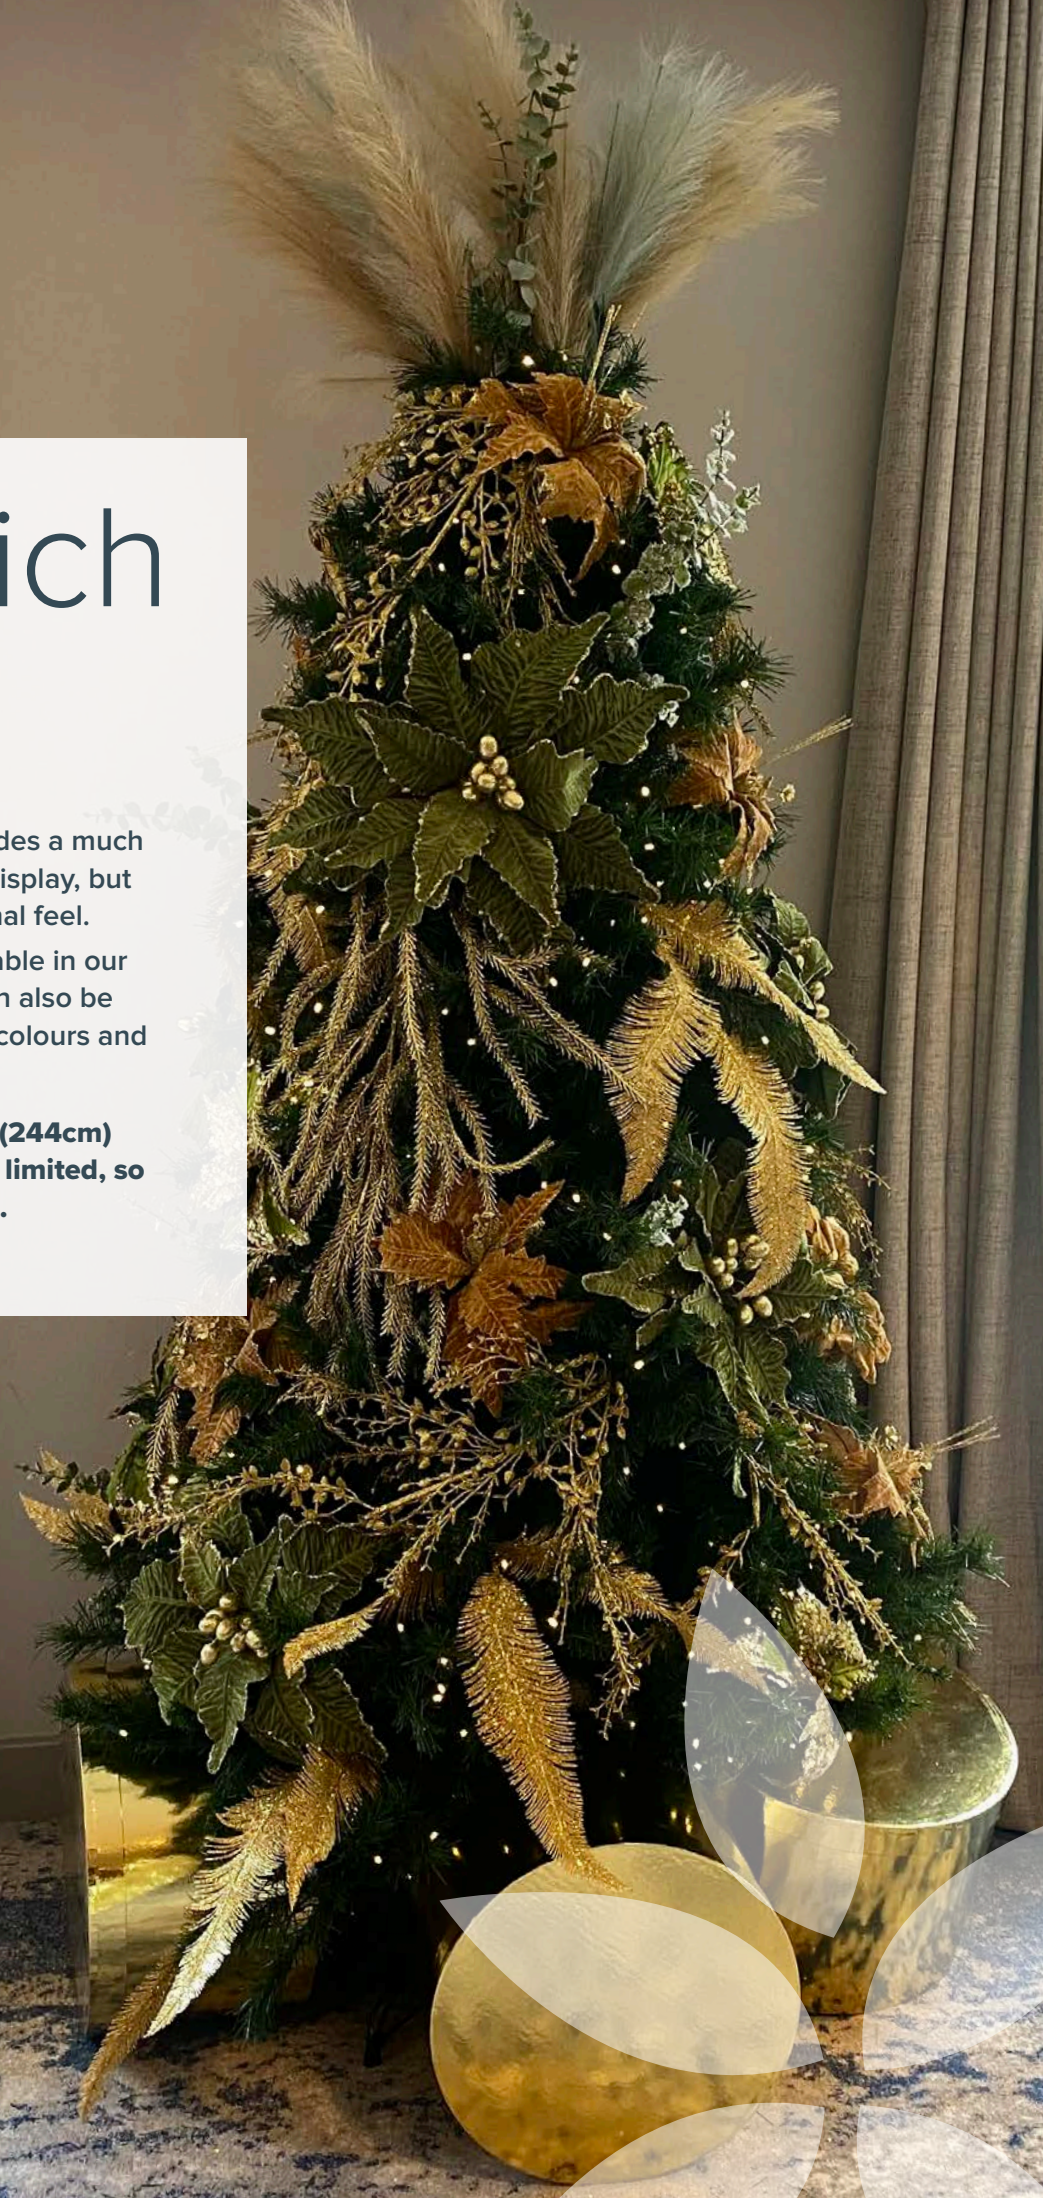

Dulwich Tree

Our **Dulwich** range provides a much more fuller and elegant display, but still keeping that traditional feel.

The Dulwich tree is available in our traditional colours but can also be decorated with bespoke colours and decor.

It is only available in 8ft (244cm) height, and stock is very limited, so book as early as you can.

Stock is limited & decorations may change to what is shown depending on availability

Cone Trees

Cone trees look amazing and offer something very different to a traditional tree.

Whether on it's own or four in a row, the slim cone tree can bring magic where space maybe limited.

We can match traditional tree colours. Stock of our Cone trees are limited, so book early!

LOW STOCK

Accessories

A magical Christmas atmosphere doesn't stop at the reception tree. Elevate your entire workplace with festive desk displays, elegant garlands for railings and hallways, wreath arrangements and warm ambient lighting. Create an inspiring, joyful environment that boosts team morale and leaves a lasting impression on clients throughout the festive season.

Presents

While we can provide presents for your choice of tree, we won't be able to provide the gifts inside we're afraid. All of our presents are hand wrapped and the colours are chosen to complement the decor of the tree to create that truly festive feeling.

Wreaths

Whether they're placed on doors or walls, Christmas wreaths can bring magic and colour to any setting. We offer wreaths to match any colour scheme. As standard our wreaths are 2ft wide, but we can do other sizes if required. They can also be installed with or without lights.

Garlands

Our garlands add that extra finishing touch to any reception desk, bannister, bar or fireplace. Available in all standard colours or in a bespoke scheme if you choose. Garlands are 9ft long and can also come with or without lights.

Vases & Bowls

If you want to add more sparkle to your Christmas theme, why not add some smaller festive displays onto your coffee tables, receptions desks and bar areas. Placing Christmas themed vases and bowls can really bring those areas to life. We can match the designs and colours to match your primary Christmas theme

Nutcracker Soldiers

Bring some enchantment to your business with our Nutcracker Soldiers. Ranging from tabletop to grand, life-sized entrance guards, these classic Christmas figures add nostalgic charm, vibrant color and festive grandeur to any venue.

**Low Availability*

Table Top Trees

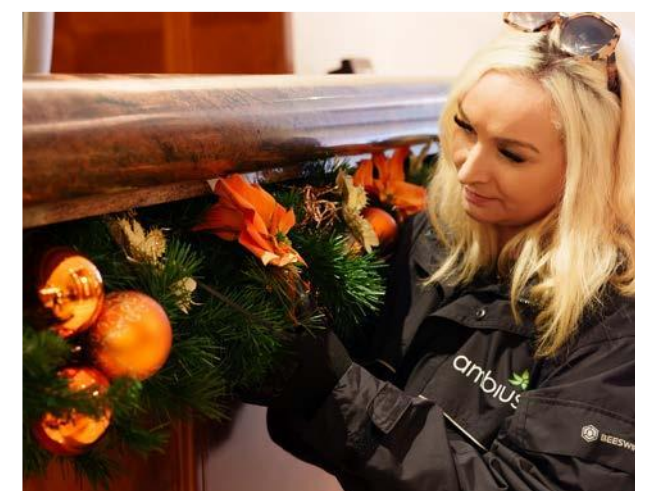

Get some instant festive cheer to any desk, reception counter or side table with our charming tabletop Christmas trees. Perfectly sized for compact spaces, these pre-decorated miniatures add a touch of Christmas warmth to any space.

Bespoke

We can create your perfect Christmas that can reflect your brand so your guests and customers get excited for the festive season.
