Plant Design

# The Experts in Workspace Plant Design

## Who are **Ambius**?

*Ambius are the experts in providing interior landscaping services for all kinds of environments, from boutique hotels to global hotel groups, international retailers, shopping centres and bluechip companies with multi-site locations.*

*We use planting, scenting, flowers, artwork and exterior landscaping and maintenance to enhance the environment for the benefit of the organisation and their employees.*

*Ambius are a global brand, with branches in North America, Europe, South Africa and Australia. We have several branches that cover the breadth of the UK to ensure we can service our clients with a local team.*

*Our experienced team designs, installs and services the displays we supply to our customers.*

## Why **Ambius**?

*We understand your business needs. We understand you need a company that can work with you to create landscaping solutions, interior and exterior, with minimal disruption, with an expert eye and with the knowledge to help you grow.*

# Interior Landscaping

*Our expert interior landscape designers specialise in selecting plants, containers and accessories to fit the space, lighting and ambience of every environment. Creating stunning interior landscapes that will stand the test of time.*

# Exterior Landscaping

*You don't get a second chance to make a first impression. Whether it's the entrance to a building, a roof terrace or acres of landscaped grounds, our teams will keep them looking perfect.*

## WINTER GRITTING

*The health & safety of your customers and colleagues is paramount to us. Our teams can offer a snow clearing and gritting service to ensure your car parks, pathways and access routes are clear before your business opens.*

# Premium Scenting

*The sense of smell is the most powerful of our senses. Businesses across the world are using scenting to create warm and welcoming environments for their customers and guests.*

*Ambius' scenting experts can help you engage with your customers using the power of scent.*

# Christmas

*Leave it to the experts to sprinkle some festive magic over your organisation. We design and install the decorations and then take them all away again, giving you peace of mind.*

# Greenwalls

*Ambius can use planting to bring life to your walls. Whether it's a full greenwall, framed LivePictures or Moss Walls, Ambius can help design, install and offer maintenance.*

*Perfect for those areas where floor space is short or too valuable to lose.*

# Floral Designs

- Beautiful floral designs for reception and meeting areas
- Designs with fresh flowers can be changed weekly
- Cost-effective silk options include delicate and beautiful orchids and replica stems
- Preserved flowers are also a cost-effective option for those that want real flowers but without the price tag

# The Benefits of Plants

Plants don't just look nice, they're good for people and buildings in a variety of ways. Did you know that well designed interiors can increase colleague wellbeing and lead to productivity improvements?

## **Plants help to improve air quality**

*In particular, they can help to:*

*Reduce CO2 levels*

*Increase humidity*

*Reduce levels of certain pollutants*

*Reduce airborne dust levels*

*Keep air temperatures down*

## **Plants help to lower background noise**

*Plants and their leaves absorb, diffract or reflect background noise.*

*They make the environment more comfortable for the occupants.*

## **Plants help to reduce stress**

*Studies show that when plants were added to their work space, workers:*

*Became more productive*

*Were found to have lower blood pressures.*

## **Independent studies have shown that plants and personalisation of work areas have great impact on wellbeing:**

*Fatigue down by 30%*

*Headaches down by 20%*

*Coughing down by 40%*

*12% quicker reaction times*

*Blood pressure down by 1-4 units*

*Visit our website to find out more about our need for nature and how we can help you create the right environment anywhere, with just a few simple steps.*
